

Royal College of Nursing
Shaping nursing since 1916

RCN Fertility Nursing forum conference and exhibition Back to the future

Saturday 16 April 2016,

Royal College of Nursing, 20 Cavendish Square, London W1G 0RN

Nurses are key health professionals in the field of reproductive health both in the NHS and independent sector. This conference acknowledges how the landscape of reproductive health is changing with updates and insights on the law and from regulatory bodies. The audience will hear speakers at the cutting edge of developing reproductive techniques and be presented with the latest data around the sensitive issue of funding and access to treatment for women and men.

Attending the conference will enhance professional development and clinical practice for nurses and HCA/AP's working in this highly specialised field, as well as providing an important networking opportunity.

Sessions include:

- PGS DNA fragmentation.
- The Law and the implications of legal parenthood.

- Nurse revalidation.
- Fertility Fairness - formerly the National Infertility Awareness Campaign (NIAC). An overview of access to treatment and funding.
- Patient experience of overseas egg donation.
- Human Fertilisation and Embryology Authority (HFEA) legal parenthood audit recommendations.

Timings:

- 9.30 am registration
- 10am conference begins
- 3.30pm conference closes
